## The Possible Dream

My name is Paul. I am seven years old. When I have grown up I would love to be the best soccer player in the world. Sometimes when I want it a lot, I dream about it. I wish I could dream this dream more often.

Is it a dream or is it a wish to be a professional soccer player? My dad said, when a dream becomes a wish it is a possible dream.

When you wish for something, you can try to get it. Sometimes you need to ask for it, sometimes you could buy it and sometimes you need to practice to make it on your own. When I want to play some music I like, I have to practice a lot and every day until it becomes easy to play.

I like to kick the ball on the field and I am good at it and it is easy for me to play soccer.

It is fun to play in a team. I like to pass the ball and then to score. I have a full dress of my favorite team and I wear it in PE. The shirt is green, blue and white and has my name on it. The team's name is Wolfsburg and it is very famous in Germany.

If I play well I will have a chance to be famous too and to be popular. I also like to play soccer because it is fun when the crowd cheers because my team wins the game.

I am very good at being a goalie and player and as the best player I can be the team captain. I could also be the goalie but I would need gloves because I practice piano every day.

My sister likes to play soccer with me but my brother is not interested. He likes more to play with toys like cars and planes. Maybe he wants to be a pilot some day. That is a good dream too.
