

## The Hunt For The Diamond

A funny thing happened on the way to the grocery store. Sam was walking to the grocery store when he saw a sign that read missing diamond in the red gold mines. Sam had no idea what the red gold mines were. Then he saw a snake shop. Sam then thought maybe I could buy some snakes to protect me, so he went inside. He bought five snakes. Then he asked the cashier if he knew about the red gold mines. He said yes and handed Sam a map of the Oxygen World and he saw the red gold mines. Then he went to the camping store and bought all the stuff he needed and walked home. He called his friends to see if they wanted to come. They both said yes. They walked to Sam's house. Sam, Axel, and Jack fell in to the floor and they whooshed out of earth and to the Oxygen World. Then they landed on a trampoline. They got off and started their quest. They were in a forest but not just any forest the wacky forest. All the trees looked really weird. They saw a lot of squirrels. Then they finally got out. By then it was nighttime so they set up their tent, ate dinner, and went to bed. The next morning, it was raining. Sam, Axel, and Jack went into a cave. Sam saw a bunch of statues. Then Axel heard snakes. Jack thought it was Medusa, so the three of them shut their eyes tight but Axel was too late so now he was a statue. Jack ran but he looked at Medusa. Luckily Sam was prepared so he sprayed them with a special spray and they ran out of the cave and hid behind a rock. Once the coast was clear they set up their tent and went to bed. The next morning they walked until they got to the red gold mines and there was 1000 zombies. Sam, Axel, and Jack grabbed a peace of bark and used it as a sword. They were so good they knocked out 500 in the first 5 minutes. Then Sam saw a path he ran away from the zombies. Then Sam started digging he found

three diamonds and a Lamborghini. Jack and Axel hopped in and they drove off. They drove for a long time then they saw 1000 zombies, Medusa, and 1000000000 monsters they knew they had to fight. So they drove over the monsters but some of them had cars so the monsters kept trying to ram them, but they kept dodging them. They zoomed around. They got past, but the zombies with cars chased them. They got to the portal and whooshed back to earth. They were in California. Sam, Axel, and Jack jumped behind some bushes. They saw Sam's house and parked in the garage. They went inside and Sam told his parents about the diamond and from then on there was a diamond in Sam, Axel, and Jack's rooms.
